
Elenco Schede Prodotto

O. Ozger,F. Girardi,G. Giannuzzi,V. Salomoni,C. Majorana,L. Fambri,N. Baldassino,R. Di Maggio (2013). **Effect of nylon fibres on mechanical and thermal properties of hardened concrete for energy storage systems** MATERIALS IN ENGINEERING (ISSN:0261-3069), 989- 997, 51;

G. Xotta, V.A. Salomoni, C.E. Majorana (2013). **Thermo-hygro-mechanical meso-scale analysis of concrete as a viscoelastic-damaged material** ENGINEERING COMPUTATIONS (ISSN:0264-4401), 728- 750, 30;

G. Mazzucco,D. Muraro,V. Salomoni,C. Majorana,D. Marcuzzi,W. Rigato,P. Sonato,P. Zaccaria,V. Toigo,T. Inoue,J. Takemoto,H. Tobarı,K. Tsuchida,H. Yamanaka,K. Watanabe (2013). **Structural analyses and integrated design of the MITICA Injector assembly** FUSION ENGINEERING AND DESIGN (ISSN:0920-3796),

G. A. Khoury,B. A. Schrefler,C. E. Majorana,F. Pesavento (2002). **Modelling of heated concrete** MAGAZINE OF CONCRETE RESEARCH (ISSN:0024-9831), 77- 101, 54;

C.Mazzucco, V.Salomoni, C.Majorana (2012). **Three-dimensional contact-damage coupled modeling of FRP reinforcements - Simulation of delamination and long-term processes** COMPUTERS & STRUCTURES (ISSN:0045-7949),

SCHREFLER BA; MAJORANA CE; L. SANAVIA (1995). **Shear band localization in saturated porous media** ARCHIVES OF MECHANICS (ISSN:0373-2029), 577- 599, 47;

C. PELLEGRINO; MAJORANA C. (1995). **Modellazione ad elementi finiti della deformabilità differita e del ritiro nelle strutture da ponte** TECNICA ITALIANA (ISSN: 0040-1846), 35- 55, 1;

C. MAJORANA; SALOMONI V; SCHREFLER BA (1998). **Some observations about strain localisation and shear band formation in concrete samples** JOURNAL OF MATERIALS PROCESSING TECHNOLOGY (ISSN:0924-0136), 128- 137, 78;

C. MAJORANA; NAVARRO G; SCHREFLER B (1988). **Numerical and experimental analysis of the residual stresses in welding processes** INTERNATIONAL JOURNAL OF COMPUTER APPLICATIONS IN TECHNOLOGY (ISSN:0952-8091), 96- 104, 4;

SALOMONI V.A.; MAJORANA C.E; MAZZUCCO G; PAULETTI R.M.O (2010). **Large membrane roofs analysis: non-linear modeling and structures, connectors and experimental evidences** JOURNAL OF ARCHITECTURAL ENGINEERING (ISSN:1076-0431), 151- 163, 16;

BRISEGHELLA L; MAJORANA C; PAVAN P. (2003). **A conservative time integration scheme for dynamics of elasto-damaged thin shells** COMPUTER MODELING IN ENGINEERING & SCIENCES (ISSN:1526-1492), 273- 285, 4;

C. E. MAJORANA; V: SALOMONI; B. SCHREFLER (1998). **Hygrothermal and mechanical model of concrete at high temperature** MATERIALS AND STRUCTURES (ISSN:1359-5997), 378- 386, 31;

P. BRUNELLO; GNESOTTO F.; MAJORANA C.; SCHREFLER B. A. (1988). **Thermal analysis of a graphite first wall for fusion experiment RFX** COMMUNICATIONS IN APPLIED NUMERICAL METHODS (ISSN:0748-8025), 647- 656, 4, n. 5;

B. SCHREFLER; L. SIMONI; C.E. MAJORANA (1989). **A general model for the mechanics of saturated-unsaturated porous materials** MATERIALS AND STRUCTURES (ISSN:1359-5997), 323- 334, 22;

BRISEGHELLA L; MAJORANA C; P. PAVAN (1998). **Exact evaluation of dissipation for elastic-damage model dynamics** COMPUTER METHODS IN APPLIED MECHANICS AND ENGINEERING (ISSN:0045-7825), 11- 18, 157;

SCHREFLER B.; G.A. KHOURY; D. GAWIN; C.E. MAJORANA (2002). **Thermo-hydro-mechanical modelling of high performance concrete at high temperatures** ENGINEERING COMPUTATIONS (ISSN:0264-4401), 787- 819, 19;

BRISEGHELLA L; CORAZZIN L; C. MAJORANA; PAVAN P (1997). **Conservative algorithms for time integration of elastodynamic response in finite strains** INTERNATIONAL JOURNAL FOR ENGINEERING MODELLING (ISSN:1330-1365), 1- 5, 10;

C. MAJORANA; SALOMONI V; SECCHI S (1997). **Effects of mass growing on mechanical and hygrothermic response of three-dimensional bodies** JOURNAL OF MATERIALS PROCESSING TECHNOLOGY (ISSN:0924-0136), 277- 286, 64;

C. MAJORANA; B. POMARO (2011). **Dynamic stability of an elastic beam with viscoelastic-damaged translational and rotational supports** JOURNAL OF ENGINEERING MECHANICS (ISSN:0733-9399),

MAJORANA C.E.; SALOMONI V.A; MAZZUCCO G; KHOURY G.A (2010). **An approach for modeling concrete spalling in finite strains** MATHEMATICS AND COMPUTERS IN SIMULATION (ISSN:0378-4754), 1694- 1712, 80;

MAJORANA C; SGARBOSSA L; SALOMONI V (2008). **New methodologies in teaching e-structural mechanics using www** COMPUTER APPLICATIONS IN ENGINEERING EDUCATION (ISSN:1061-3773), 189- 210, 16-3;

Majorana CE; C. PELLEGRINO (1999). **Dynamic stability of beams with finite displacements and rotations** ENGINEERING COMPUTATIONS (ISSN:0264-4401), 639- 658, 16;

Briseghella L; Majorana CE; C. PELLEGRINO (1998). **Dynamic stability of elastic structures: a finite element approach** COMPUTERS & STRUCTURES (ISSN:0045-7949), 11- 25, 69;

Majorana CE; C. PELLEGRINO (1997). **Dynamic stability of elastically constrained beams: an exact approach** ENGINEERING COMPUTATIONS (ISSN:0264-4401), 792- 805, 14;

Briseghella L; Majorana CE; C. PELLEGRINO (1999). **Conservation of angular momentum and energy in the integration of non-linear dynamic equations** COMPUTER METHODS IN APPLIED MECHANICS AND ENGINEERING (ISSN:0045-7825), 247- 263, 179;

Salomoni V; Mazzucco G; C. PELLEGRINO; Majorana C (2011). **Three-dimensional modelling of bond behaviour between concrete and FRP reinforcement** ENGINEERING

BRUNELLO P; GAWIN D; MAJORANA C.; PESAVENTO F; SCHREFLER B (2006). **Una nuova procedura iterativa per l'analisi numerica degli incendi nei tunnel STRADE & AUTOSTRADE** (ISSN:1723-2155), 134- 140, 55 (1);

MAJORANA C; SALOMONI VA (2008). **Dynamic Nonlinear Material Behaviour of Thin Shells in Finite Displacements and Rotations** COMPUTER MODELING IN ENGINEERING & SCIENCES (ISSN:1526-1492), 49- 84, 33;

SALOMONI VA; MAJORANA C; GIANNUZZI GM; MILIOZZI A (2008). **Thermal-fluid flow within innovative heat storage concrete systems for solar power plants** INTERNATIONAL JOURNAL OF NUMERICAL METHODS FOR HEAT & FLUID FLOW (ISSN: 0961-5539), 969- 999, 18;

CRISTANI M; MAJORANA C.E.; SALOMONI VA (2009). **Knowledge Representation issues in structural engineering: a framework for application in the case of structures in healthcare** INTERNATIONAL JOURNAL OF TECHNOLOGY MANAGEMENT (ISSN:0267-5730), 207- 238, 47;

MAJORANA C.; SALOMONI V. (2004). **Parametric analysis of diffusion of activated sources in disposal forms** JOURNAL OF HAZARDOUS MATERIALS (ISSN:0304-3894), 45- 56, 113A;

GIANNUZZI G.M; MAJORANA C.; MILIOZZI A; SALOMONI V; NICOLINI D (2007). **Structural design criteria for steel components of parabolic-trough solar concentrators** JOURNAL OF SOLAR ENERGY ENGINEERING (ISSN:0199-6231), 382- 390, 129;

SALOMONI V; MAJORANA C; CRISTANI M (2008). **Knowledge Representation in Civil and Structural Engineering** RECENT PATENTS ON COMPUTER SCIENCE (ISSN:1874-4796), 162- 181, 1(3);

SALOMONI V; MAZZUCCO G; MAJORANA C. (2007). **Mechanical and durability behaviour of growing concrete structures** ENGINEERING COMPUTATIONS (ISSN:0264-4401), 536- 561, 24;

SCHREFLER B.A.; BRUNELLO P.; GAWIN D.; MAJORANA C.; PESAVENTO F. (2002). **Concrete at high temperature with application to tunnel fire** COMPUTATIONAL MECHANICS (ISSN: 0178-7675), 43- 51, 29;

POMARO B; SALOMONI V; GRAMEGNA F; PRETE G; C. MAJORANA (2011). **Radiation damage evaluation on concrete shielding for nuclear physics experiments** ANNALS OF SOLID AND STRUCTURAL MECHANICS (ISSN:1867-6936), 123- 142, 2;

B. POMARO; V. SALOMONI; F. GRAMEGNA; G. PRETE; C.E. MAJORANA (2011). **Radiation damage evaluation on concrete within a facility for Selective Production of Exotic Species (SPES Project), Italy** JOURNAL OF HAZARDOUS MATERIALS (ISSN:0304-3894), 169- 177, 194;

C. MAJORANA (2005). **La formazione degli insegnanti secondari nell'ambito scientifico-tecnologico** FORMAZIONE & INSEGNAMENTO (ISSN:1973-4778), 111- 121, 1-2-3;

C. MAJORANA; MAZARS J (1997). **Thermohygro-metric and mechanical analysis of concrete using damage models** MATERIALS AND STRUCTURES (ISSN:1359-5997), 349-

C. MAJORANA; VITALIANI R (1988). **Analisi della stabilità dell'equilibrio di aste di cemento armato pressoinflesse, mediante microcomputer** L'EDILIZIA E L'INDUSTRIALIZZAZIONE (ISSN:1593-3962), 311- 319, 7/8;

C. MAJORANA; POMARO B (2011). **Dynamic stability of an elastic beam with visco-elastic translational and rotational supports** ENGINEERING COMPUTATIONS (ISSN:0264-4401), 114- 129, 28;

ANTONELLI R; FABBRI P; ILCETO V; C. MAJORANA; PREVIATELLO P; SCHREFLER B; SEDEA R (1995). **Recenti studi idrogeologici sul Bacino Termale Euganeo. Un'applicazione modellistica** GALILEO (ISSN:1122-9160), 10- 14, 63;

C. MAJORANA (1994). **Modelli tridimensionali per l'analisi termomeccanica dei geomateriali** TECNICA ITALIANA (ISSN:0040-1846), 265- 290, ANNO LIX N. 4;

C. MAJORANA; VITALIANI R (1990). **Analisi termomeccanica nonlineare per geometria e materiali del continuo tridimensionale, mediante il metodo degli elementi finiti** GIORNALE DEL GENIO CIVILE (ISSN:0017-016X), 39- 82, 1-2-3;

C. MAJORANA; VITALIANI R; ZAVARISE G (1990). **Analisi degli effetti tensionali indotti da incendio su strutture tridimensionali di acciaio, ricoperte con materiale isolante** TECNICA ITALIANA (ISSN:0040-1846), 77- 100, 2;

C. MAJORANA; NAVARRO G (1990). **Analisi termica tridimensionale di processi di saldatura** RIVISTA ITALIANA DELLA SALDATURA (ISSN:0035-6794), 359- 365, XLII N.4;

C. MAJORANA (1989). **Influenza del danno sul comportamento termoigrometrico e meccanico del continuo** GIORNALE DEL GENIO CIVILE (ISSN:0017-016X), 211- 236, 7-8-9;

GRIGOLETTI G; C. MAJORANA; VITALIANI R (1989). **Analisi termoigrometrica e meccanica del continuo tridimensionale, con metodi numerici agli elementi finiti. Applicazione al caso dei calcestruzzi** ATTI - ISTITUTO VENETO DI SCIENZE, LETTERE ED ARTI. CLASSE DI SCIENZE FISICHE, MATEMATICHE E NATURALI (ISSN:0392-6680), 65- 108, CXLVIII;

C. MAJORANA; SCHREFLER B.A; VITALIANI R (1988). **Studio di corpi continui viscoelastici tridimensionali, mediante il metodo degli elementi finiti** TECNICA ITALIANA (ISSN:0040-1846), 59- 79, 1;

C. MAJORANA; NAVARRO G; ODORIZZI S (1985). **Determinazione per via numerica delle tensioni residue della saldatura tra tubi e piastra tubiera di un riscaldatore AP d'acqua di alimento realizzata col sistema I.B.W.** L'INDUSTRIA MECCANICA (ISSN:0393-1331), 583- 590, 399;

C. MAJORANA; VESCOVI U (1984). **Metodi numerici per la determinazione del comportamento meccanico del complesso strutturale ormeggio-suolo di fondazione, in ambiente lagunare** ATTI - ISTITUTO VENETO DI SCIENZE, LETTERE ED ARTI. CLASSE DI SCIENZE FISICHE, MATEMATICHE E NATURALI (ISSN:0392-6680), 439- 459, IX;

C. MAJORANA; ODORIZZI S; VITALIANI R (1984). **Analisi ad elementi finiti di membrature tridimensionali presollecitate, a comportamento elastico-viscoplastico** LA PREFABBRICAZIONE (ISSN:0032-7255), 583- 594,

DA DEPPO L; C. MAJORANA; ZAUPA F (1982). **Adattamento di modelli matematici a distribuzioni di dati sperimentali di viscosità e di ritiro del calcestruzzo in ambiente libero** ATTI E MEMORIE DELL'ACCADEMIA PATAVINA DI SCIENZE, LETTERE ED ARTI. PARTE II. MEMORIE DELLA CLASSE DI SCIENZE MATEMATICHE E NATURALI (ISSN:0392-0755), 27-59, XCIII;

DA DEPPO L; C. MAJORANA; ZAUPA F (1981). **Rilevamento sperimentale di lunga durata sulla viscosità del calcestruzzo in ambiente naturale** IL CEMENTO (ISSN:0393-6732), 197- 216,

C. MAJORANA; VITALIANI R (1980). **Applicazione del metodo del modulo effettivo modificato dall'invecchiamento, ad un problema di stabilità dell'equilibrio** LA PREFABBRICAZIONE (ISSN:0032-7255), 351- 359, A.16;

C. MAJORANA; CORSI F (2006). **Protezione dei tunnel rispetto al rischio di incendio** LE STRADE (ISSN:0373-2916), 82- 89, 60;

C. MAJORANA; VITALIANI R (1987). **Buckling analysis on a micro-computer of reinforced concrete beams subjected to axial loads and biaxial bending** COMMUNICATIONS IN APPLIED NUMERICAL METHODS (ISSN:0748-8025), 381- 395, 3;

LEWIS R; C. MAJORANA; SCHREFLER B (1986). **A coupled finite element model for the consolidation of non-isothermal porous media** TRANSPORT IN POROUS MEDIA (ISSN: 0169-3913), 155- 178, 1;

C. MAJORANA; ODORIZZI S; VITALIANI R (1985). **Direct determination of finite element local smoothing matrices** COMMUNICATIONS IN APPLIED NUMERICAL METHODS (ISSN: 0748-8025), 39- 43, 1;

C. MAJORANA; ODORIZZI S; VITALIANI R (1982). **Shortened quadrature rules for finite elements** ADVANCES IN ENGINEERING SOFTWARE (ISSN:0141-1195), 52- 57, 4;

SCHREFLER B.A; LEWIS R.W; C. MAJORANA (1981). **Subsidence above volumetric and waterdrive gas reservoirs** INTERNATIONAL JOURNAL FOR NUMERICAL METHODS IN FLUIDS (ISSN:0271-2091), 101- 115, 1;

C. MAJORANA; NATALI A; VITALIANI R (1990). **Analysis of three-dimensional prestressed concrete structures using a non linear material model** ENGINEERING COMPUTATIONS (ISSN:0264-4401), 157- 166, 7;

C. MAJORANA; NAVARRO G (1991). **Three-dimensional thermal analysis of steel welding processes** WELDING INTERNATIONAL (ISSN:0950-7116), 622- 627, 5;

C. MAJORANA; ZAVARISE G (1993). **Environmental effects modelling in thermal analysis of large concrete castings** INTERNATIONAL JOURNAL OF COMPUTER APPLICATIONS IN TECHNOLOGY (ISSN:0952-8091), 187- 201, 6;

C. MAJORANA; G.A. KHOURY (2004). **European action on fire safety in tunnels** WORLD TUNNELLING (ISSN:0956-8700), 18- 21, 17;

C. MAJORANA; ZAVARISE G; BORSETTO M; GIUSEPPETTI M (1990). **NONLINEAR-ANALYSIS OF THERMAL-STRESSES IN MASS CONCRETE CASTINGS** CEMENT AND CONCRETE RESEARCH (ISSN:0008-8846), 559- 578, 20;

BAGGIO P; C. MAJORANA; SCHREFLER BA (1995). **THERMO-HYGRO-MECHANICAL ANALYSIS OF CONCRETE** INTERNATIONAL JOURNAL FOR NUMERICAL METHODS IN FLUIDS (ISSN:0271-2091), 573- 595, 20;

CARPINTERI A; C. MAJORANA (1995). **FULLY 3-DIMENSIONAL THERMOMECHANICAL ANALYSIS OF STEEL WELDING PROCESSES** JOURNAL OF MATERIALS PROCESSING TECHNOLOGY (ISSN:0924-0136), 85- 92, 53;

DINELLI G; BELZ G; C. MAJORANA; SCHREFLER BA (1996). **Experimental investigation on the use of fly ash for lightweight precast structural elements** MATERIALS AND STRUCTURES (ISSN:1359-5997), 632- 638, 29;

GAWIN D; C. MAJORANA; SCHREFLER BA (1999). **Numerical analysis of hygro-thermal behaviour and damage of concrete at high temperature** MECHANICS OF COHESIVE-FRICTIONAL MATERIALS (ISSN:1082-5010), 37- 74, 4;

GAWIN D; ALONSO C; ANDRADE C; MAJORANA C.; PESAVENTO F (2005). **Effect of damage on permeability and hygro-thermal behaviour of HPCs at elevated temperatures: Part 1. Experimental results** COMPUTERS AND CONCRETE (ISSN:1598-8198), 189- 202, 2;

CARPINTERI A.; C. MAJORANA (1995). **Fatigue growth of edge flaws in cylindrical bars** STRENGTH OF MATERIALS (ISSN:0039-2316), 26- 38, 27;

D. GAWIN; C.E. MAJORANA; F. PESAVENTO; B.A. SCHREFLER (2005). **Effect of damage on permeability and hygro-thermal behaviour of HPCs at elevated temperatures: Part 2. Numerical analysis** COMPUTERS AND CONCRETE (ISSN:1598-8198), 203- 214, 2;

SCHREFLER B.; GAWIN D.; KHOURY G.; MAJORANA C. (2001). **Thermo-hygro-mechanical modeling of high performance concrete at high temperatures** ENGINEERING COMPUTATIONS (ISSN:0264-4401), 787- 819, 19;

R.W. LEWIS; C.E. MAJORANA; B. SCHREFLER (1986). **A coupled finite element model for the consolidation of non-isothermal elastoplastic porous media** TRANSPORT IN POROUS MEDIA (ISSN:0169-3913), 155- 178, 1;

SCHREFLER B.A; SANAVIA L; C. MAJORANA (1996). **A multiphase medium model for localization and postlocalization simulation in geomaterials** MECHANICS OF COHESIVE-FRICTIONAL MATERIALS (ISSN:1082-5010), 94- 114, 1;

GAWIN D.; MAJORANA C.E.; B. SCHREFLER (1999). **Numerical analysis of hygro-thermic behaviour, stresses and damage of concrete at high temperature** MECHANICS OF COHESIVE-FRICTIONAL MATERIALS (ISSN:1082-5010), 37- 76, 4,1;
